EXPERTISE

Field

Pure & Applied Chemistry

Expertise

Polymer

Specialization

Polymer Composite
Photopolymer

RESEARCH CONTRIBUTION & ACHIEVEMENT

My research interest is focused on the areas of polymer, polymer composite and photopolymer. My recent research work focuses on the polymer composite particularly in waste material.

PROFESSIONAL MEMBERSHIP

NETWORKING & RESEARCH COLLABORATION

- Tokyo University of Science (Japan)
- MIE University (Japan)
- Universiti Sultan Zainal Abidin (UniSZA)

PUBLICATION

- Journal of Polymer Science
- Journal Basic & Applied Sciences
