

# MUHD FATHIL CHE IBRAHIM

## EDUCATION

Diploma in  
Manufacturing  
Engineering (TATI)

Bachelor of  
Engineering  
Technology  
(Hons) in Tool and  
Die (UniKL)

Master of  
Manufacturing  
System  
Engineering (UMP)

## EXPERTISE

### Field

Manufacturing Engineering

### Expertise

Manufacturing & Machining  
Technology

### Specialization

Manufacturing Technology  
Industry Machining  
Manufacturing System

## RESEARCH CONTRIBUTION & ACHIEVEMENT

Manufacturing Engineering is the specialization of a Mechanical Engineering. My research interest is focused on the areas of Machine Tools, Materials Science, Tribology, and Quality Control. This includes research interests in the aspect of the design, development, implementation, operation and management of manufacturing system. Manufacturing is the most important element in any engineering process. The manufactured products range from aerospace, automotive, oil and gas, integrated circuits and robotic equipment and consumer goods.

## PROFESSIONAL MEMBERSHIP

- Malaysia Board of Technologists (MBOT)
- Malaysian Society For Eng. & Technology (MySET)
- UMP Alumni
- UniKL Alumni
- TATIUC Alumni

## NETWORKING & RESEARCH COLLABORATION

- University Putra Malaysia

## PUBLICATION

- Scientific
- AENSI Journals
- Ijiset
- Google Scholars : M.F.C. Ibrahim
