EXPERTISE

Field

Manufacturing Engineering Tech.

Expertise

Machining, Mould & Die

Specialization

Computer Numerical Control
Electro Discharge Machining
Stamping Die

RESEARCH CONTRIBUTION & ACHIEVEMENT

My research interest is focused on the areas of manufacturing process, CNC machining and mould and die. My recent research work focuses on the developing of portable mini CNC machine that can be used for education purposes. The research works includes design works, development and fabrication of the CNC machine. Research projects won gold medal and special award in ITEX 2015, PECIPTA 2013. Appointed as consultant (leader) for development of manufacturing workshop for PERDA-TECH.
