EXPERTISE

Field

Electronic Engineering

Expertise

Instrumentation
Sensor Technology

Specialization

Electronic
Instrumentation
Process Control

RESEARCH CONTRIBUTION & ACHIEVEMENT

My research interest is focused on the areas of compensation in sensor technology for process instrumentation. My recent research work focuses on the application of IOT in domestic and agriculture appliances. This includes research interests in the design and development. I have also been appointed as a reviewer for the Current Journal of Applied Science and Technology and British Journal of Mathematics & Computer Science.
